

Call for Participation

We invite you to join us in **10th International Conference on Mobile & Wireless Networks (MoWiN 2021)**

This conference will act as a major forum is dedicated to address the challenges in the areas of wireless & mobile networks. The conference looks for significant contributions to the Wireless & Mobile computing in theoretical and practical aspects. The Wireless & Mobile computing domain emerges from the integration among personal computing, networks, communication technologies, cellular technology and the Internet Technology. The modern applications are emerging in the area of mobile ad hoc networks and sensor networks. This conference is intended to cover contributions in both the design and analysis in the context of mobile, wireless, ad-hoc and sensor networks. The goal of this conference is to bring together researchers and practitioners from academia and industry to focus on advanced wireless & Mobile computing concepts and establishing new collaborations in these areas.

Highlights of MOWIN 2021 include:

- 14th International Conference on Network Security & Applications (CNSA 2021)
- 8th International Conference on Artificial Intelligence and Applications (AIAP 2021)
- 8th International Conference on Data Mining and Database (DMDB 2021)
- 8th International Conference on Bioinformatics and Bioscience (ICBB 2021)
- 10th International Conference on Information Theory (IT 2021)
- 11th International Conference on Computer Science, Engineering and Information Technology (CCSEIT 2021)
- 2nd International Conference on Natural Language Processing, Information Retrieval and AI (NIAI 2021)
- 2nd International Conference on Signal Processing and Machine Learning (SIGML 2021)
- 2nd International Conference on Cloud and Internet of Things (ICCIoT 2021)

Registration Participants

Non-Author / Co-Author/ Simple Participants (no paper)

250 EURO (With proceedings)
